TEST RESULTS

Paper results will no longer be issued; BMAT, and TSA Oxford candidates will be able to download their results by logging in to the Cambridge Assessment Online Results Extranet using their log in credentials.*

Candidates of other Admissions Tests may inquire directly with their respective colleges as part of the usual University of Oxford feedback process(<http://www.ox.ac.uk/admissions/undergraduate/applying-to-oxford/decisions/feedback>).

**It is imperative that candidates safeguard their log-in credentials as British Council is unable to produce a replacement copy for lost log-in details.*

ENQUIRY ON RESULT

Submit a Results Enquiry if you think that there has been an error in the processing or reporting of your BMAT results and this does not reflect your performance on the day of the test. To complete your submission, you must fill out the relevant form - an Application for Results Enquiry. The relevant form is available at the Admissions Testing Service website: <http://www.admissionstesting.org/administering-our-tests/useful-documents/>

You may send your completed form by post (Special Delivery or equivalent) or as a scanned email attachment to the BMAT Support Team, using the address, fax number or email address given on the relevant form. Candidates who took the test at an open center can submit the Results Enquiry or Appeal form directly to the Admissions Testing Service without an accompanying covering letter.

Please note: Results can go down as well as up as a result of this process, which could affect a candidate's university application.
